## Product overview

Cisco Webex® Meetings Audio provides the broadest global Public Switched Telephone Network (PSTN) dial-in and call-me services to attendees in Cisco Webex Meetings, Events, Trainings, and Teams.

The audio options available with Cisco Webex products promote efficient discussions among participants by providing a fully integrated experience. As a cloud-based PSTN audio option, Cisco Webex Meetings Audio provides a broad coverage footprint with toll dial-in, toll-free dial-in, and call-me capabilities for local and global connections. It operates on a wide variety of devices, including cell phones, IP phones, and softphones, and supports the ability to enable telephony attendees as well as attendees and devices that use Voice over IP (VoIP) to all collaborate in the same session.

To maximize the power of Webex within your own datacenter please explore [Cisco Webex Edge Services](#) to further improve audio quality and optimize PSTN audio costs.

## Cost-effective conferencing solution with audio

Cisco Webex offers a flexible, high-performance platform of products for organizations of any size that want to deploy online meetings with audio conferencing. Cisco Webex Meetings Audio is designed to attach to a Cisco Webex meeting product purchased from Cisco; it is not available as standalone product. Cisco includes unlimited 56 Toll Dial-in country coverage and VOIP audio as part of the [Cisco Collaboration Flex Plan](#) for Webex meeting products at no additional cost.

Table 1 outlines the features and benefits of Cisco Webex Meetings Audio.

**Table 1.** Features and benefits

Feature	Benefit
<b>Global access</b>	<ul style="list-style-type: none"><li>• 66-country access for toll call-in</li><li>• 85-country access for toll-free call-In</li><li>• 202-country access for call-me</li><li>• VoIP available where regulators allow</li></ul>
<b>Scalability</b>	Total audio capacities are 1000 total participants in a single meeting: up to 1000 on phones and up to 1000 on VoIP.
<b>Conference management</b>	The solution offers powerful conference control for management of active conferences, allowing moderators to: <ul style="list-style-type: none"><li>• Use the active talker indicator for positive identification of the speaker</li><li>• Add or drop participants in a conference</li><li>• Mute audio from a selected participant</li><li>• Use the conference lock feature</li><li>• Terminate a conference</li></ul>

Feature	Benefit
<b>Audio on entry and exit</b>	<ul style="list-style-type: none"> <li>Optionally announce name, play beep, or allow silent entry and exit</li> <li>Optionally mute participants on entry</li> </ul>
<b>Compatibility</b>	<ul style="list-style-type: none"> <li>Works with all Cisco Webex services</li> <li>Supports mobility clients</li> <li>Supports Network-Based Recording (NBR) and tracking codes</li> </ul>
<b>Support for phone-only users</b>	As controlled by Cisco Webex site policies, users may choose to start or join meetings from the phone, with or without starting a Cisco Webex client application.

## Important information regarding audio services

**Integrated VoIP:** Customers with billing addresses in the following countries will not be provisioned with Cisco Webex VoIP capabilities: India, Algeria, Kuwait, Lebanon, and Yemen. We advise that VoIP should not be used by users from within these countries. However, Cisco Webex is not aware of the location of each user, and hence Cisco Webex does not (cannot) specifically prevent VoIP from working based on location.

**Country coverage:** Due to rapidly changing and unpredictable global telecommunications laws and regulations, availability of certain Cisco Webex Meetings Audio services and related offerings may become restricted.

While Cisco Webex routinely monitors applicable telecommunications law and regulations in an attempt to readily adapt to changing legal environments, Cisco Webex reserves the right to modify its Country Coverage Listing for all affected Cisco Webex Meetings Audio offerings, without notice, as necessary to meet all country legal requirements.

Currently, the Cisco Webex Meetings Audio services may be affected under these circumstances are:

- 59 Toll Dial-in coverage included in the meeting offer
- Committed Monthly Spend Audio Offer
  - Bridge country toll-free call-in rates
  - Bridge country call back (call me) rates
  - Global toll-free call-in rates
  - Global premium toll call-in rates
  - Global callback/call-me rates
- Uncommitted (Pay-as-you-go) Audio Offer
  - Bridge country toll-free call-in rates
  - Bridge country call back (call me) rates
  - Global toll-free call-in rates
  - Global premium toll call-in rates
  - Global callback/call-me rates
- Flat Rate Audio Offer
  - Bridge country (US, UK or Singapore) unlimited call back
  - Australia unlimited call back
  - Global unlimited call back
- Integrated VoIP

**Bridge country audio** is defined based on the customer’s provisioned Cisco Webex site locale, which is normally based on the customer’s billing address and timezone. There are three Cisco Webex Meetings Audio bridge countries: United States, United Kingdom, and Singapore. Cisco Webex Meetings Audio services are provided and billed at the bridge country rates for each of these countries as follows:

- **United States:** For customers that are provisioned in the United States, bridge country services and rates apply to U.S. toll-free dial-in and to the United States and Canada for callback.
- **United Kingdom:** For customers that are provisioned in the United Kingdom, bridge country services and rates apply to U.K. toll-free dial-in and to the U.K. for callback.
- **Singapore:** For customers that are provisioned in Singapore, bridge country services and rates apply to Singapore toll-free dial-in, to U.S. toll-free dial-in, and to Singapore for callback.

Flat Rate Bridge Country Call Back audio services that are marked with a hash (#) denote that callback coverage is available only for the provisioned bridge country, which is ONE of the following: the United States and Canada, or the United Kingdom, or Singapore.
