

Jabber Overview

- [Purpose of this Guide, on page 1](#)
- [About Cisco Jabber, on page 1](#)

Purpose of this Guide

This guide includes the following task-based information required to deploy and install Cisco Jabber:

- Configuration and installation workflows that outline the processes to configure and install cloud or hybrid deployments.
- How to configure the various services that the Cisco Jabber client interacts with, such as IM and Presence Service, Voice and Video Communication, Visual Voicemail, and Conferencing.
- How to configure directory integration, certificate validation, and service discovery.
- How to install the clients.

Before you deploy and install Cisco Jabber, see the *Cisco Jabber Planning Guide* at <https://www.cisco.com/c/en/us/support/unified-communications/jabber-windows/products-installation-guides-list.html> to determine the deployment options that best suit your business needs.
