

IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. DOWNLOADING, INSTALLING, OR USING THE SOFTWARE CONSTITUTES ACCEPTANCE OF THE AGREEMENT, AND YOU ARE BINDING YOURSELF AND THE BUSINESS ENTITY THAT YOU REPRESENT (COLLECTIVELY, "CUSTOMER") TO THE AGREEMENT. IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Product Name

L-ISE-ADV3Y-50K= Cisco ISE 50000 EndPoint 3Year Advanced Subscription License

Identity Services Engine (ISE) Advanced Package License

The Cisco Identity Services Engine (ISE) Advanced Package License entitles the user to use the Advanced Package features, services, and receive updates as made available during the term of the Subscription, provided that you hold a valid license for the application software and there is a valid Cisco SMARTnet or SASU contract on the supporting ISE platform.

Features and Functionality

The Identity Services Engine Advanced Software Package provides features that require a valid license to operate. These features are supported on Cisco Identity Services Engine hardware and software platforms.

Licensing

A valid ISE Advanced license allows an endpoint (e.g. laptop) to be supported by the Identity Services Engine platform. This license entitles the user to support up to number of endpoints that is equal to the license quantity purchased, i.e. the quantity of endpoints supported with Advanced features is limited to the quantity of licenses ordered. (e.g. 1,000 licenses will support 1,000 endpoints).

Printed in the USA.

Additional licenses can be purchased to support more endpoints. The purchased license quantity will be listed in the sales order.

The Identity Services Engine Advanced Package license is subscription based and has either a 3 or 5 year term. The license is valid with proper purchase for the duration of the term. License subscriptions must be renewed before the expiration date for continued use of software Features and Services. After the expiration date has occurred without renewal, Advanced Package Features and Services may cease operation. The purchased license term is listed on the sales order.

Your subscription term begins 24 hours after the PAK file is transmitted to the user. The PAK file will be transmitted electronically within 24 hours of the order being placed. The term expires after the duration specified in the product number and related description has been reached.

Support

Cisco Support Services, either SMARTnet for the hardware instance or SASU for the virtual instance, provide Cisco Identity Service Engine customers with the necessary support services when using Advanced Subscription Licenses. For the SMARTnet option the ISE software is considered the operating system so updates include the following: maintenance releases, minor updates and major updates. Please note that a Cisco ISE customer must have an active SMARTnet or SASU contract when using Advanced Subscription Licenses.

For more information on these services visit the Cisco Services website at:
