

Offer Description – Product

Cisco Evolved Programmable Network Manager

This Offer Description is part of the [General Terms](#) or similar terms existing between You and Cisco (e.g., the End User License Agreement) (the “**Agreement**”). Capitalized terms, unless defined in this document, have the meaning in the Agreement. Any references to the Supplemental End User License Agreement or SEULA mean Offer Description.

1. Summary

Cisco Evolved Programmable Network Manager (the “**Product**”) is an on-premises converged element and network management solution, providing device management, network service provisioning and network assurance across core, edge, aggregation, and access networks.

2. Support and Other Services

Your purchase of the Product includes [Cisco Solution Support for Services Providers](#) for Software or other support as described in Your Order. Sample function packs that may be shipped with the Product are not supported except as set forth in the Documentation.

3. Data Protection

Please see [The Trust Center](#) for information on how Cisco uses and protects Personal Data, Systems Information and Customer Content collected and processed by Cisco through use of Cisco products and services.

4. Special Terms

4.1 You have purchased the software image that contains the Product. The software image may contain additional programs, features and functionality outside of Your license scope. You are only entitled to use the programs, features and functionality for which You have purchased a license as identified in the applicable Documentation. If you wish to use out of scope items, You will need to purchase additional licenses.

4.2 You have the option to purchase a license to a lab version of the Product. The lab version of the Product is strictly limited to non-production use only.
