Determine IP Address on SPA525G and SPA525G2 IP Phones

Objectives

IP phones can be accessed through a web interface by entering the IP address of the phone into a web browser. The IP address of the phone must be known to access the web interface.

This document explains how to determine the IP address on SPA525G and SPA525G2 IP phones.

Applicable Devices

- SPA525G IP phone
- SPA525G2 IP phone

Step-by-Step Procedure

Determine IP Address of the IP Phone

Step 1. Press the **Setup** button on the IP phone to bring up the *Information and Settings* menu.

01/0	1 12:00p	User1			
Information and Settings					
3	Speed Dials
