## Support for MSTP Cards

The CPT system supports Multiservice Transport Platform (MSTP) cards, thereby eliminating the requirement of a separate chassis for these DWDM cards.

**Note**

CPT does not support multishelf management for these MSTP cards.

The following table lists the MSTP cards supported in the CPT 200 and CPT 600 chassis and provides references for more information about these MSTP cards.

MSTP Card	Where Documented
15454-40-SMR2-C=	<a href="#">15454-40-SMR2-C</a>
