New and Changed Information in Release

The following table provides an overview of the significant changes to this guide for this current release. The table does not provide an exhaustive list of all changes made to this guide or of all new features in this release.

Table 1: New Features and Changed Behavior in Cisco IMC Supervisor, Release 2.2(1.2)

| Feature | Description | Where Documented |
|-----------------------------------|---|------------------------------------|
| Changes to the VIC Adapter Policy | Starting with this release, for a VIC adapter policy, Cisco IMC Supervisor allows you to enable or disable port channel configuration. This port channel configuration is applicable only for Cisco UCS VIC 1455 and 1457 adapters. | VIC Adapter Policy |
