New and Changed Information

The following table provides an overview of the significant changes to this guide for the current release. The table does not provide an exhaustive list of all changes, or of all new features in this release.

Table 1: New Features and Changed Behavior in Cisco UCS Director, Release 5.5

Feature	What's New	Where Documented
REST API support for retrieving VDC resource limits	Added the following API: <ul style="list-style-type: none"> • userAPIGetVDCResourceLimits 	Retrieving VDC Resource Limits
REST API support for retrieving the cost model	Added the following API: <ul style="list-style-type: none"> • userAPIGetCostModel 	Retrieving a Cost Model
REST API support for managing virtual infrastructure policy	Added the following APIs: <ul style="list-style-type: none"> • userAPICreateServiceContainerVirtualInfraPolicy • userAPIGetServiceContainerVirtualInfraPolicy • userAPIUpdateServiceContainerVirtualInfraPolicy • userAPIDeleteServiceContainerVirtualInfraPolicy 	Creating a Virtual Infrastructure Policy Retrieving a Virtual Infrastructure Policy Modifying a Virtual Infrastructure Policy Deleting a Virtual Infrastructure Policy

Feature	What's New	Where Documented
REST API support for managing APIC virtual infrastructure policy	Added the following APIs: <ul style="list-style-type: none"> • <code>userAPICreateServiceContainerVirtualInfraPolicy</code> • <code>userAPIGetAllServiceContainerVirtualInfraPolicies</code> • <code>userAPIGetServiceContainerVirtualInfraPolicy</code> • <code>userAPIUpdateServiceContainerVirtualInfraPolicy</code> • <code>userAPIDeleteServiceContainerVirtualInfraPolicy</code> 	Creating an APIC Virtual Infrastructure Policy Listing All APIC Virtual Infrastructure Policy Retrieving an APIC Virtual Infrastructure Policy Modifying an APIC Virtual Infrastructure Policy Deleting an APIC Virtual Infrastructure Policy
REST API support for managing service containers	Added the following APIs: <ul style="list-style-type: none"> • <code>userAPIGetAllServiceContainers</code> • <code>userAPIAddTierToContainerVM</code> • <code>userAPIAddvNICToContainerVM</code> 	Listing all Service Containers in Cisco UCS Director Adding a Tier to a Container VM Adding a Virtual Network Interface Card to a Container VM
REST API support for managing contracts	Added the following APIs: <ul style="list-style-type: none"> • <code>userAPICreateContract</code> • <code>userAPIDeleteContract</code> 	Creating a Contract Deleting a Contract
REST API support for adding a Virtual Network Interface Card (vNIC) to a VM	Added the following API: <ul style="list-style-type: none"> • <code>userAPIAddVMNICs</code> 	Adding a Virtual Network Interface Card to a VM
REST API support for managing VMware system policy	Added the following APIs: <ul style="list-style-type: none"> • <code>userAPICreateVMwareSystemPolicy</code> • <code>userAPIGetVMwareSystemPolicy</code> • <code>userAPIUpdateVMwareSystemPolicy</code> • <code>userAPIDeleteVMwareSystemPolicy</code> 	Creating a VMware System Policy Retrieving the VMware System Policy Details Modifying a VMware System Policy Deleting a VMware System Policy
REST API support for retrieving output of a service request	Added the following API: <ul style="list-style-type: none"> • <code>userAPIGetServiceRequestOutputDetails</code> 	Retrieving Output of a Service Request

Feature	What's New	Where Documented
REST API support for retrieving the input and output fields of a workflow	Added the following APIs: <ul style="list-style-type: none"> • userAPIGetCatalogInputDefinition • userAPIGetCatalogOutputDefinition • userAPIGetWorkflowInputs • userAPIGetWorkflowOutputDefinition 	Retrieving Input Fields of a Workflow Associated with a Catalog Retrieving Output Fields of a Workflow Associated with a Catalog Retrieving Workflow Input Fields Retrieving Workflow Output Fields
REST API support for toggling the MSP mode	Added the following API: <ul style="list-style-type: none"> • userAPIToggleMspMode 	Toggling MSP Mode
REST API support for managing reports	Added the following APIs: <ul style="list-style-type: none"> • userAPIGetAvailableReports • userAPIGetHistoricalReport • userAPIGetResourceUsageCostSummary • userAPIGetInstantDataReport • userAPIFilterTabularReport 	Viewing Available Reports Definition Viewing Historical Report Viewing Resource Usage Report Viewing Snapshot Report Viewing Tabular Reports
