Use Online Help

The Manager Assistant interface provides task-oriented and context-sensitive help from most windows within the Manager Assistant user interface. To access help, click the ? button or click **Help** in the menu bar, which is located along the top of the console.

After you open the help window, you can click **Search** to search the entire guide by keyword. (The Search feature may not function in some versions of online help.)

Click **View PDF** for a PDF of the entire guide.
