- [Add an Item to Dashboard, on page 1](#)
- [Create Subcategory, on page 3](#)

## Overview

Dashboard is a unique feature of Cisco Unified Intelligence Center, which lets you display multiple objects like a web page, some widgets, and some reports in a consolidated view. Dashboards are contained in categories and sub-categories.

---

**Note** You can view or create a dashboard only if have permissions to that category or sub-category.

---

## Create Dashboard

### Procedure

---

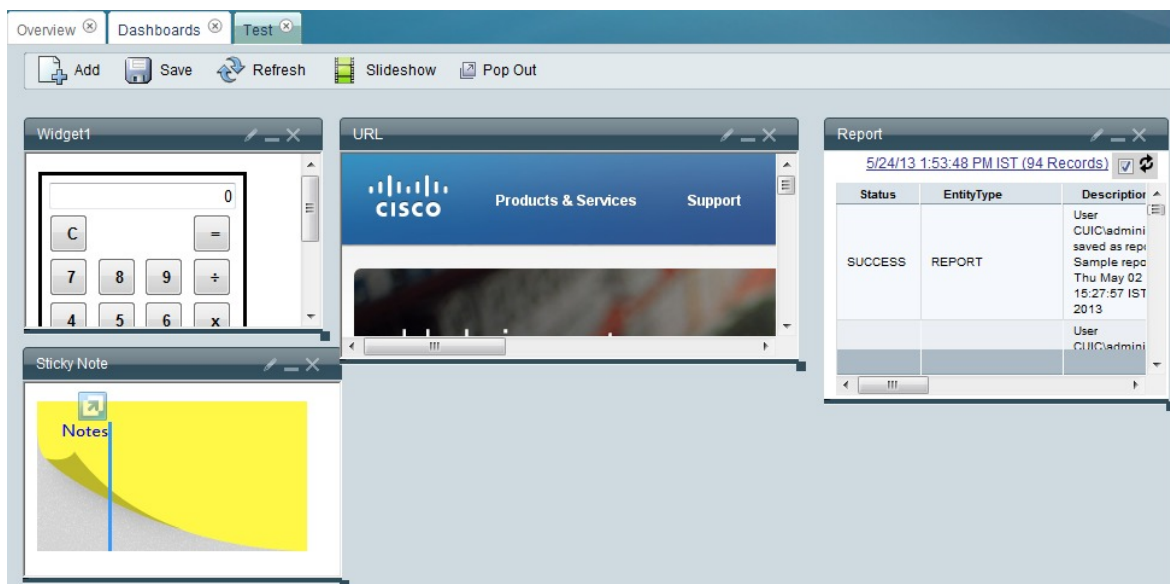

- Step 1** Click the **Dashboard** tab.
  - Step 2** On the **Dashboard** tab, right-click the folder where you want to place the dashboard, and select **Create Dashboard**.
  - Step 3** Name the dashboard in the **Create Dashboard** window.
  - Step 4** Assign permissions to users, and click **OK**.
- 

## Add an Item to Dashboard

You can add the following items to a dashboard:

- Report: Display an existing report on the dashboard.
- Schedule: Display a scheduled report on the dashboard.
- URL: Display a web page on the dashboard.
- Sticky Note: Add sticky notes to the dashboard.
- Custom Widgets: Add custom widgets to the dashboard.

**Figure 1: Widgets on the Dashboard**

Follow these steps to add items to the Dashboard.

### Procedure

**Step 1** Click **Dashboards** drawer.

**Step 2** Click the dashboard that you want to add items to.

**Note** You can also create a dashboard and add items to it. See **Create a Dashboard**.

**Step 3** On the dashboard, click **Add**.

**Step 4** In the **Title** box, enter the name of the item.

**Step 5** From the **Type** drop-down list, select the type of item that you want to add.

**Step 6** In the **Size** section, define the width and height of the item in pixels.

**Step 7** In the **Position** section, define how far the item will be placed from the left side and from the top of the dashboard.

**Step 8** In the **Dashboard Item Content** section, define the dashboard item that you selected in Step 5.

To display a report:

- Click the arrows to navigate through the folders to the report that you want to display on the dashboard.

- b) Select the **Report** and **Available Views**.
- c) Click **OK**.

To display a **scheduled report**:

- a) Select the schedule from the **Schedule** box.

**Note** You can search for the schedule using the **Search schedule** box.

- b) Click **OK**.

To display a **URL**:

- a) In the **URL** box, enter the address of the web page that you want to display on the dashboard.
- b) Click **OK**.

To display a **custom widget**:

- a) In the **Content** box, enter Java code of the widget that you want to show on the dashboard.
- b) Click **OK**.

To display a **Sticky Note**:

- a) In the **Content** box, enter content for the sticky note.
- b) Click **OK**.

---

**Note** You cannot configure HTTP based widget URL's in Dashboard, when Unified Intelligence Center is in the HTTPS mode.

---

## Create Subcategory

Reporting users do not have permission by default to create a subcategory under Reports. An Administrator should create a subcategory and grant access, so you can create a subcategory within the new subcategory.

### Procedure

---

- Step 1** Right-click the folder where you want to create the subcategory and select **Create Sub-category**.
  - Step 2** In the **Create Category** window, enter a name for the category.
  - Step 3** Assign permissions in the **Permissions** section.
