

About NetFlow and sFlow Documentation

Introducing the updated *NetFlow and sFlow Configuration on Cisco 8000 Series Routers*, Cisco IOS XR Releases.

Release-agnostic Document

This document for the Cisco 8000 Series Router features a single version that will be consistently kept up to date with the latest features and releases. Our goal is to make it easier for you to bookmark a single link and find one comprehensive version of the Netflow and sFlow Configuration for the 8000 Series Routers, rather than sift through multiple versions that are specific to each IOS XR release.

Where to begin

To get started with the NetFlow and sFlow implementation, we recommend referring to the [Cisco IOS XR Feature, Release, and Platform Matrix](#). This section offers insights into NetFlow and sFlow features introduced not only for the 8000 Series Routers but also for all other IOS XR Routing platforms. Our aim is to simplify your access to our documentation and help you develop a comprehensive understanding.
