

# Single Sign-On Registration API

---

Use the Single Sign-On (SSO) Registration API to register SSO-compatible components with the Cisco Identity Service. These components include AW, Finesse, and Unified Intelligence Center machines.

To retrieve the overall registration status or the status for a single component, see the [Single Sign-On Status API](#).

## URL

```
https://<server>/unifiedconfig/config/sso/register
```

## Operations

- **update**: Registers all SSO-compatible components in the Machine Inventory with the Cisco Identity Service, using the URL `https://<server>/unifiedconfig/config/sso/register`. (See [Machine Inventory API](#))

## Parameters

None
